## Key Skills

---

### Effective communication

- I support children who have a range of physical, emotional and learning needs. My counselling role calls for effective listening and communication skills, an ability to gain the trust of students and deal sensitively but assertively with their demands.

### Time management and organisation

- I have good time management skills that help me to balance my University studies with my professional commitments.

## Interests

---

- Teaching
- Newspaper
- Research
- Movies / internet
