EDUCATION

Environmental engineering

University of Engineering and technology, Lahore
CGPA 3.05 **2015-2019**

Pre-Engineering

Govt. degree college for women, Wahdat colony Lahore
%age 84.6 **2013-2015**

INTERNSHIP

I have done my internship in **Environmental Protection Department** that was one-month tenure. I go through different EIA and IEE reports of different projects. Learn how to pen down NOC and review letters.

Jun 2018- July 2018

ACADEMIC PROJECTS

- ✓ wastewater treatment plant design for a small community (having 200000 population) community that include design of primary treatment units and secondary treatment units.
- ✓ Treatment of municipal wastewater by wet land filtration with combination of catalytic ozonation for agricultural, gardening, washing purposes including cost estimation.
- ✓ Design of Water distribution system (including proper pipes diameter, overhead reservoir, pumps, tube well) for a society of Lahore by using EPA net.
- ✓ Design of Solid waste disposal system for Sialkot city and selection of proper disposal site in lesser budget
- ✓ Analysis of water consumption in university cafeteria kitchen, implementing Cleaner production technique options and maintaining the CPT process

Skills

I keen to teach the students to make their bright future. Have ability to handle the students as well as I am good in teaching maths and science subjects up to 10 grades. I am well confident to deliver lectures although I have no experience of teaching in schools, So I can work well as a teacher.
